

DIN 3021

HEAVY - DUTY SPRING - BAND CLIP

Safety feature to avoid excessive pressure when mounting which could damage the clamp.

Quick and easy to mount.

Marked with the nominal application diameter.

Materials free of toxic substances in accordance with current environmental legislation.

In order to determine which dimension of this clamp should be fitted, add 1 mm to the outer diameter of the hose in question.

FOR OUTER DIAMETERS (OD)

From **12,0 mm** up to **46,8 mm** Ø close

From **14,2 mm** up to **58,0 mm** Ø open

This heavy-duty spring-band clamp is manufactured according to DIN 3021.

It is especially recommended for applications where temperature can vary from -40 °C to +120 °C.

The design of this clamp means that thanks to the elasticity of the material used in its manufacture, it maintains the same radial force despite changes in temperature. It is fast and easy to mount and is also reusable.

W1

MATERIAL: Steel W1 51 CrV4
FINISH: CrVI-free black colour
CORROSION RESISTANCE: 720 hours salt spray ASTM B-117

* Also available in 15 mm bandwidth.
